Serving Washington's GIS Community

WAURISA Announces its Fall 2007 Workshop **ASSET MANAGEMENT: PLANNING, STRATEGY, AND IMPLEMENTATION**

Tuesday, October 9, 2007 - Hilton Garden Inn - Issaquah, Washington

Workshop Details:

This URISA certified workshop focuses on several aspects of developing an asset management system that could help improve performance, reduce long-term costs, and maximize return on investment in infrastructure assets (for a complete description, see: <http://www.urisa.org/workshops/descriptions>). This is an all day workshop with lunch and refreshments provided. This workshop earns students 0.2 GISCI education points.

Specific topics to be covered include:

- Strategy and Planning
- Life Cycle Costs
- GASB34 Reporting
- Data Collection Methods
- Software Solutions
- Information Management and Decision Support Tools
- Evaluation and Performance Measures

Instructor: Jason Amadori, Chief Operating Officer, Data Transfer Solutions, LLC in Orlando, Florida: Mr. Amadori has over 10 years experience in the fields of Asset Management, GIS, GPS and Environmental Studies. He has managed over 15 asset management projects dealing with approximately 4,000 miles of roads, containing over \$5 Billion in asset infrastructure. Mr. Amadori is also skilled in the integration of technology to achieve project-specific goals by aligning existing technology with client's goals and objectives.

Intended Audience: This workshop is intended for utility, transportation, engineering, planning, and environmental managers and analysts of the public and private sectors.

Workshop Location: The workshop will be held at the Hilton Garden Inn Seattle/Issaquah on October 9, 2007 from 8:30 am to 5:00 pm.
